# Ce Check-in

Client Web & Kiosk Reporting

**Ce Check-in** provides Probation agencies with a simple, flexible web-based Client reporting solution, allowing staff to focus on Clients with more involved supervision requirements. Available as both a Web and Kiosk reporting solution, Ce Check-in provides an ideal reporting tool for low risk clients or as an enhanced, supplemental supervision tool for higher risk clients. Ce Check-in provides flexibility to manage reporting frequencies by a variety of factors while alerting Officers when clients are out of compliance or when events occur that require their attention (i.e., FTRs, change of address, employment, etc.).

With Ce Check-in Web and Kiosk, agencies define the exact questions clients are required to answer during each scheduled check-in while Officers have the ability to view client reporting history, check-in session details, GPS location, IP address and map of where the check-in was completed.

Ce Check-in provides clients email, SMS Text or automated phone reminders, as well as SMS Chat functionality allowing Officers to exchange text messages with clients through Ce Check-in.

***Increased Supervision Efficiency***

Ce Check-in Web and Kiosk allows Probation agencies to:

- Redirect time and resources to higher-risk clients who require more intensive supervision and have greater needs;
- Supervise large caseloads of low-risk clients more efficiently, saving time that can be redirected to other functions;
- Better maintain client current address, employment status, contacts, and other information;
- Eliminate the need for data entry and filing.

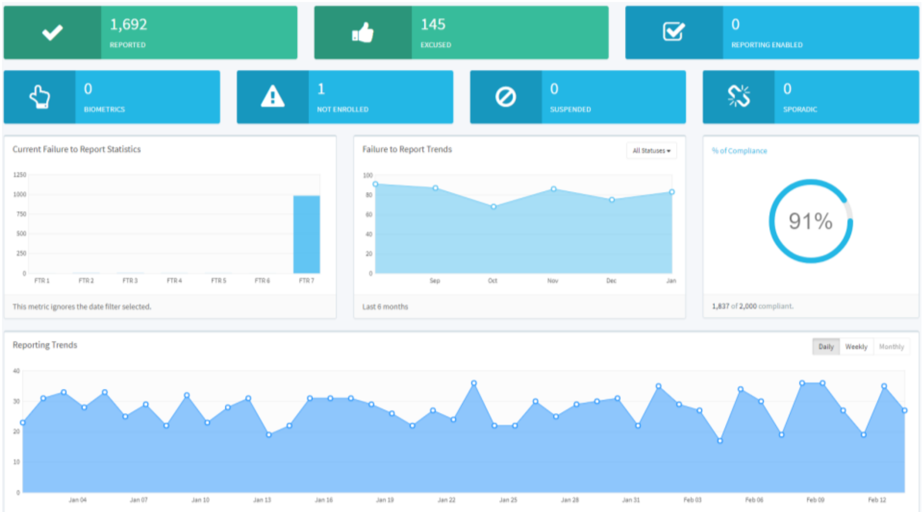
***Improved Monitoring, Accountability, Convenience & Compliance***

Ce Check-in Web and Kiosk:

- Provides a more accurate record of who is reporting and when (i.e., date, time, location) compared with other methods of non-face-to-face reporting;
- Standardizes the reporting data collected from each client while providing Officer's access to real-time data;
- Provides data with increased accuracy and accessibility, allowing Officers to immediately hold clients accountable if they do not report per their reporting schedule;
- Provides increased reporting flexibility, allowing clients to report at a time that is convenient for them without missing work, school, etc.;
- Increases reporting compliance through SMS Text, phone or email reminders regarding upcoming reporting requirements.

# Ce Check-in

Client Web & Kiosk Reporting



Ce Check-in showcases key reporting metrics related to your agency's automated reporting program. Agencies can easily view data from individual reporting locations or specific offices, as well as by pre-defined or custom date ranges.

Industry research shows Reminders significantly increase compliance rates – Ce Check-in provides the flexibility to deliver either email or SMS Text Reminders for all scheduled check-ins.

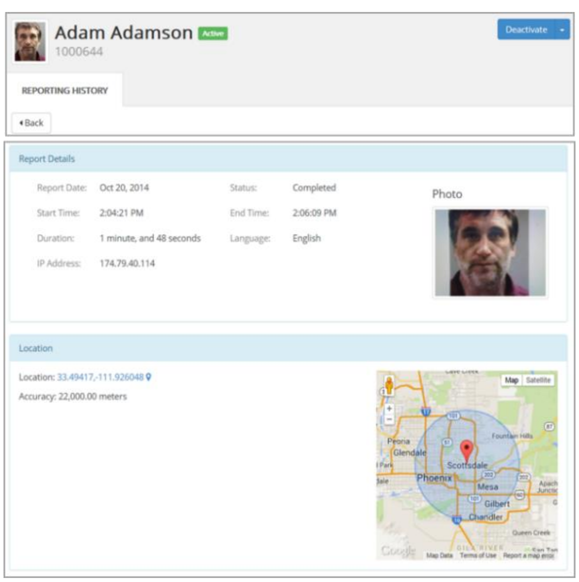
SMS REMINDER



The Client Overview provides a detailed Reporting History, with all Missed, Completed, Excused and next Scheduled check-ins. Additionally, Officers can easily manage a client's reporting status by disabling their reporting privileges or adjusting their reporting schedule. Each completed check-in provides details specific to the reporting session, including a client photograph, time and date, IP address and GPS location of the check-in.
